

Farmer's training on "GACP for Medicinal Plants"

(15 to 17 November, 2018)

Three days farmers training at Forest Complex, Pinjore, Panchkula, Haryana entitled "Good Agricultural and Collection Practices for Medicinal Plants" during 15 to 17 November, 2018 under project of National Medicinal Plants Board has been conducted by Dr. P. L. Saran (Senior Scientist, ICAR-DMAPR). The aim of this training is to provide information to farmers about Good Agricultural and Collection Practices for medicinal plants in foot hills. The training chaired by Dr. P. Manivel (Director, ICAR-DMAPR, Gujarat) and Shri Kulvender Singh (DFO (Training), Panchkula). Sixty-eight

farmers participated from different districts of Haryana and progressive farmer Dharambir Kamboj (CEO, DFPT) shared his experience from marginal farmer to being a CEO of MAPs company.

Ten lectures have been delivered on different aspects of MAPs GACP. Third day of training, farmers visited Herbal Garden, Malaha and progressive farmer's field, Chottikhodi with Shri Jagdish Chander (APCCF, Pinjore) and Dr. P. L. Saran (Training organizer).
